More Mockups

The Figma interface displays several wireframe mockups for a developer's portfolio website:

- Menu - Desktop:** A navigation bar with links for Home, About, Projects, and Contact.
- About - Desktop:** A page featuring a bio, a photo of Alex Leybourne, and social media links for Twitter, GitHub, and LinkedIn.
- Hello - Desktop:** A landing page with a hero image of Alex, his name, title ("Developer in the making"), and social media links.
- Projects - Desktop:** A page showing a grid of four colored cards (blue, red, yellow, green) representing different projects.
- Contact - Desktop:** A page with a Twitter icon and a "Say Hello" button.
- Menu - Mobile:** A mobile navigation bar with links for Home, About, Projects, and Contact.
- About - Mobile:** A mobile version of the About page.
- Projects - Mobile:** A mobile version of the Projects page.
- Contact - Mobile:** A mobile version of the Contact page.
- Hello - Desktop:** A desktop version of the Hello page.
- About - Desktop:** A desktop version of the About page.
- Projects - Desktop:** A desktop version of the Projects page.
- Contact - Desktop:** A desktop version of the Contact page.
- Menu - Desktop:** A desktop version of the Menu page.

Home Page

A screenshot of a developer's homepage. At the top left is a logo consisting of a stylized letter 'A' inside a green square frame. To its right, the name "Alex Leybourne" is displayed, with "Alex" in a bold sans-serif font and "Leybourne" in a smaller, regular sans-serif font. Below the logo, the text "Hi, I'm Alex." is written in a large, bold, black sans-serif font. Underneath this, the word "Developer." is written in a smaller, regular black sans-serif font. To the right of the text are three circular icons: a white Twitter bird icon inside a black circle, a white 'in' LinkedIn icon inside a black circle, and a white GitHub octocat icon inside a black circle. In the center of the page is a portrait of a smiling man with short brown hair, wearing a dark grey button-down shirt. He is positioned in front of a background featuring a blue curved line on the left, a red curved line on the right, and a white circle at the bottom left. In the top right corner of the page area, there is a black three-line horizontal menu icon.

About Page

A desktop browser window showing the same 'About Me' content. The heading 'About Me' is large and bold, with a blue circle highlighting the word 'Me'. A red triangle points to the end of the second sentence in the middle paragraph. A green square highlights the beginning of the third sentence. A blue vertical bar highlights the entire third sentence. The URL in the address bar is `alexleybourne.github.io/Portfolio/src/about.html`.

Alex Leybourne

About Me

I love all things Tech! And understanding how everything works.since an early age I have always been pulling things apart to see how everything works.

During primary school I was a part of the robotics team and that soon grew to me taking IT in highschool. I always wanted to create more and coding was a new way I learnt to do that.

I have also studied film at university and specialised in VFX editing. However I would constantly be buidling websites for films and soon friends and family. That soon developed into me wanting to change what I was studying so I could make and code more.

My Hobbies include video games, Art, Basketball and anything that involves that involves a bit of a challenge and having fun.

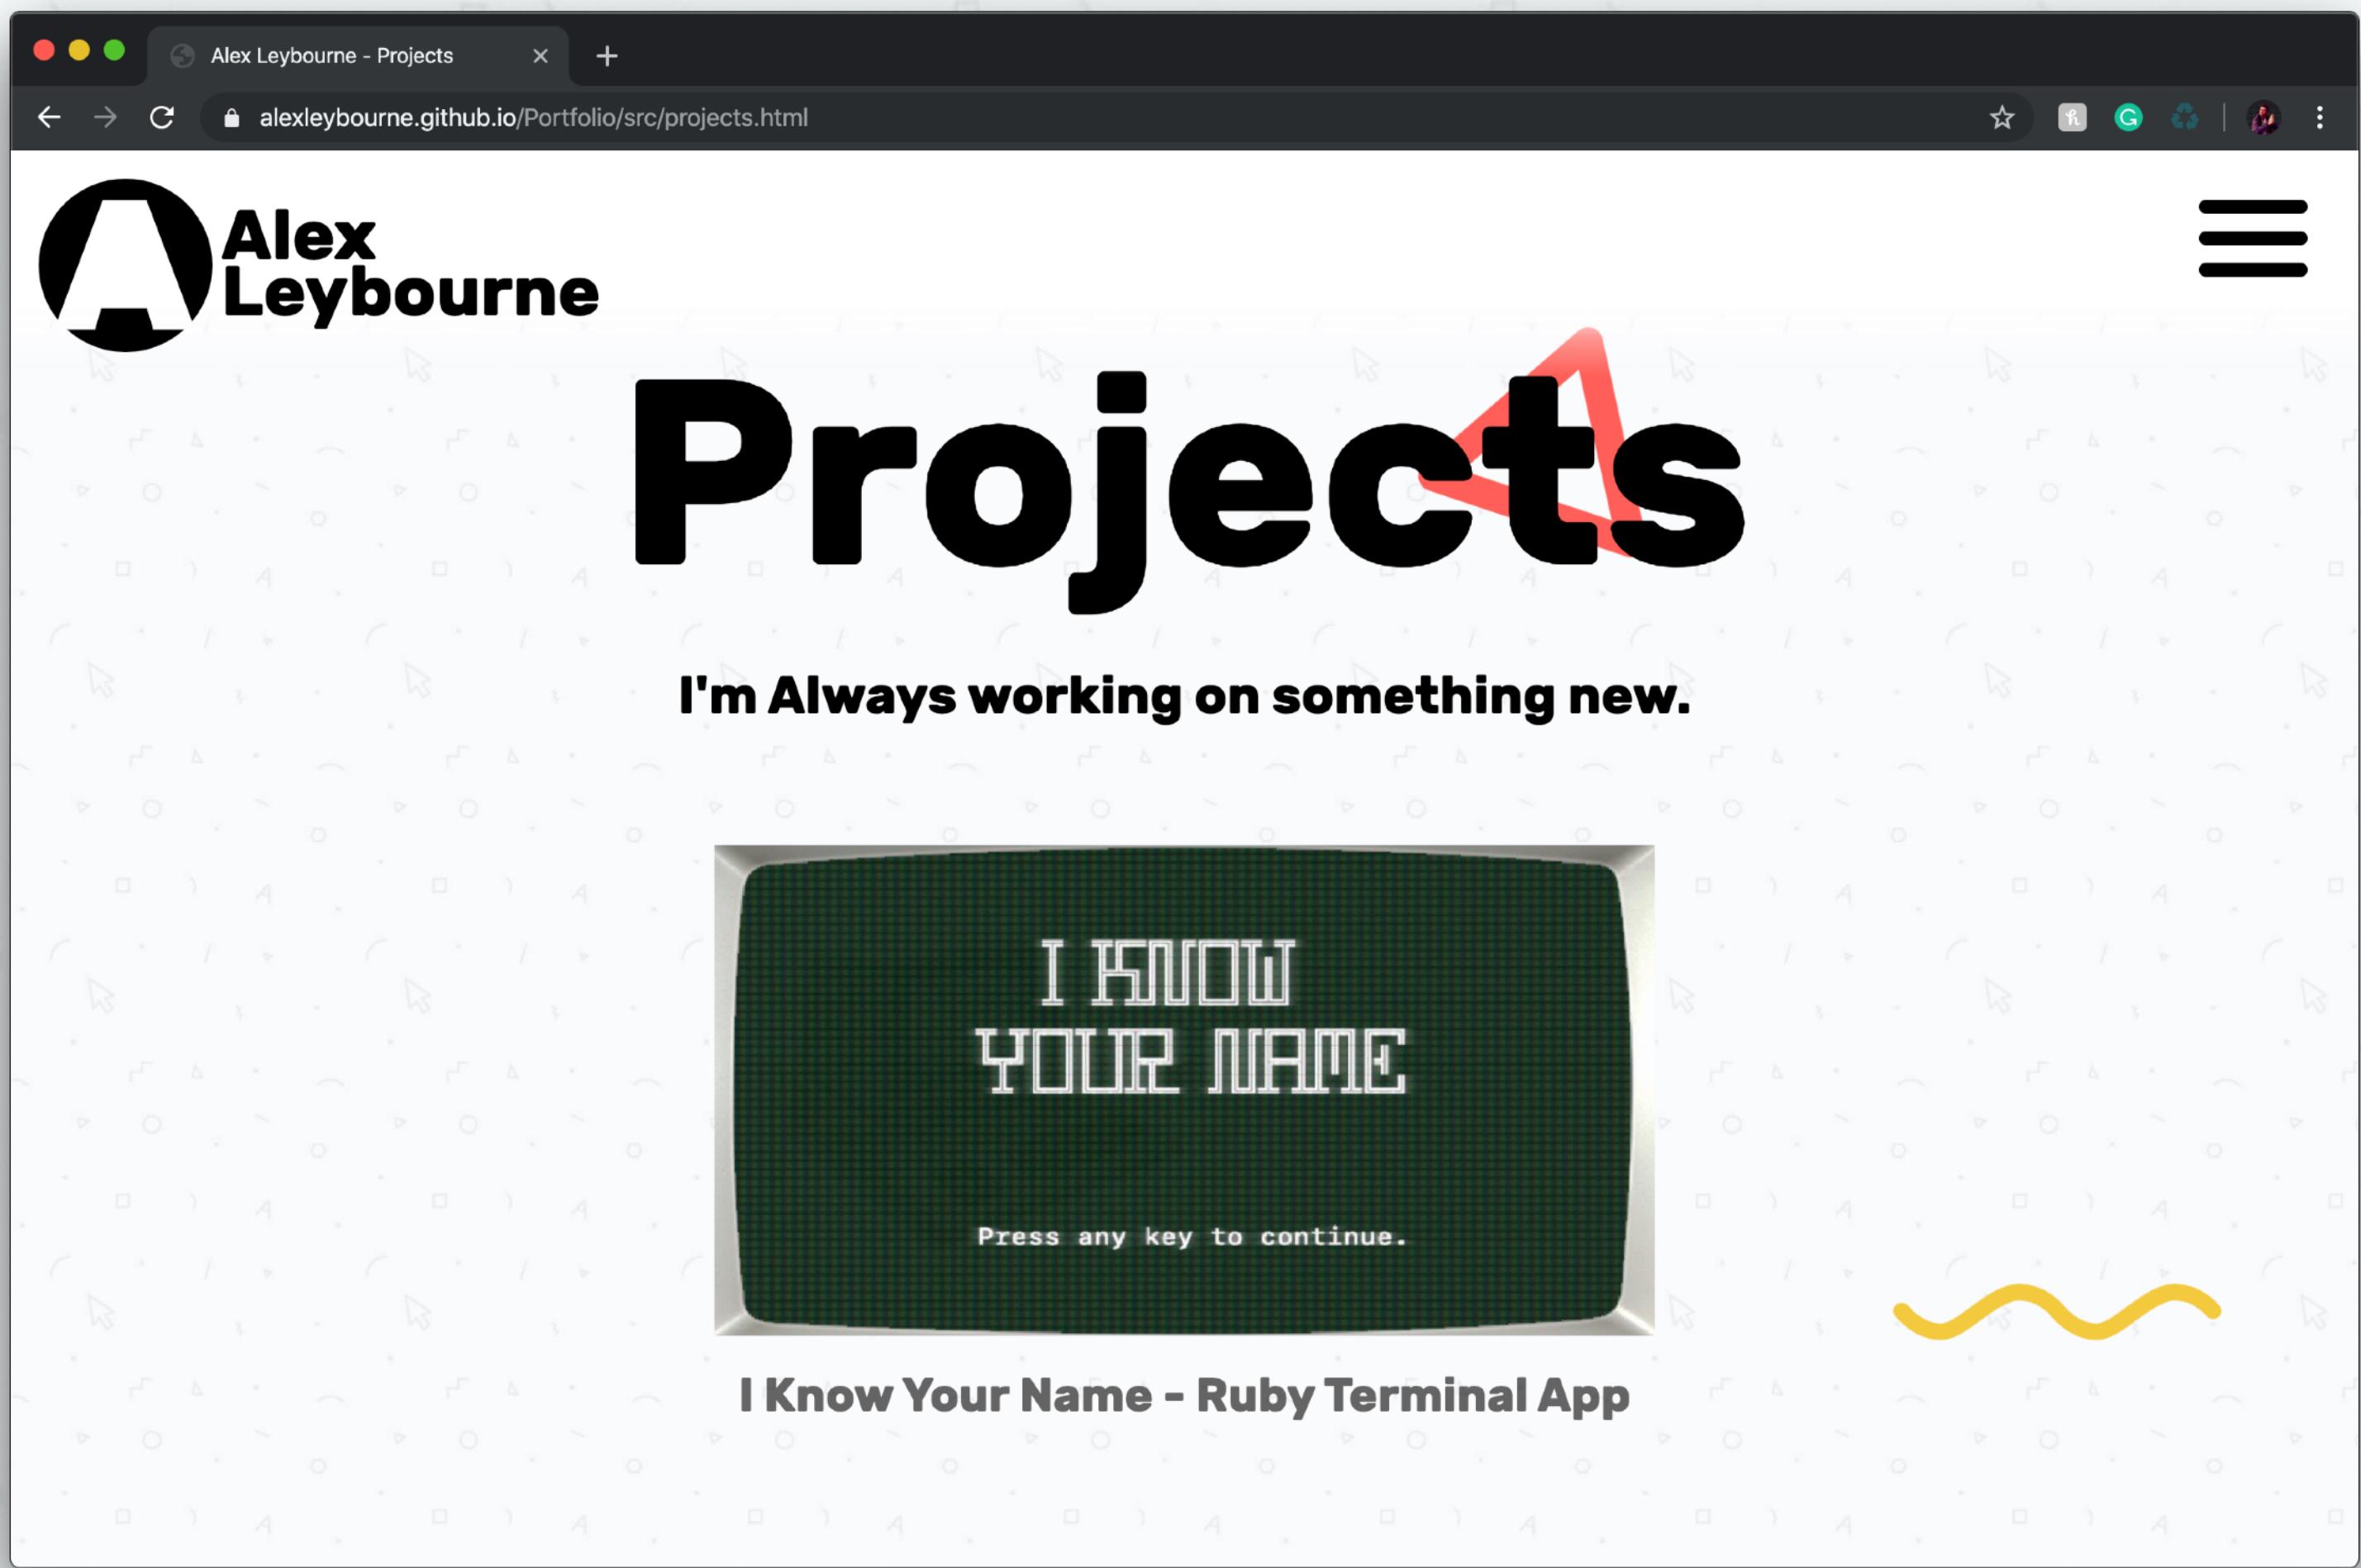

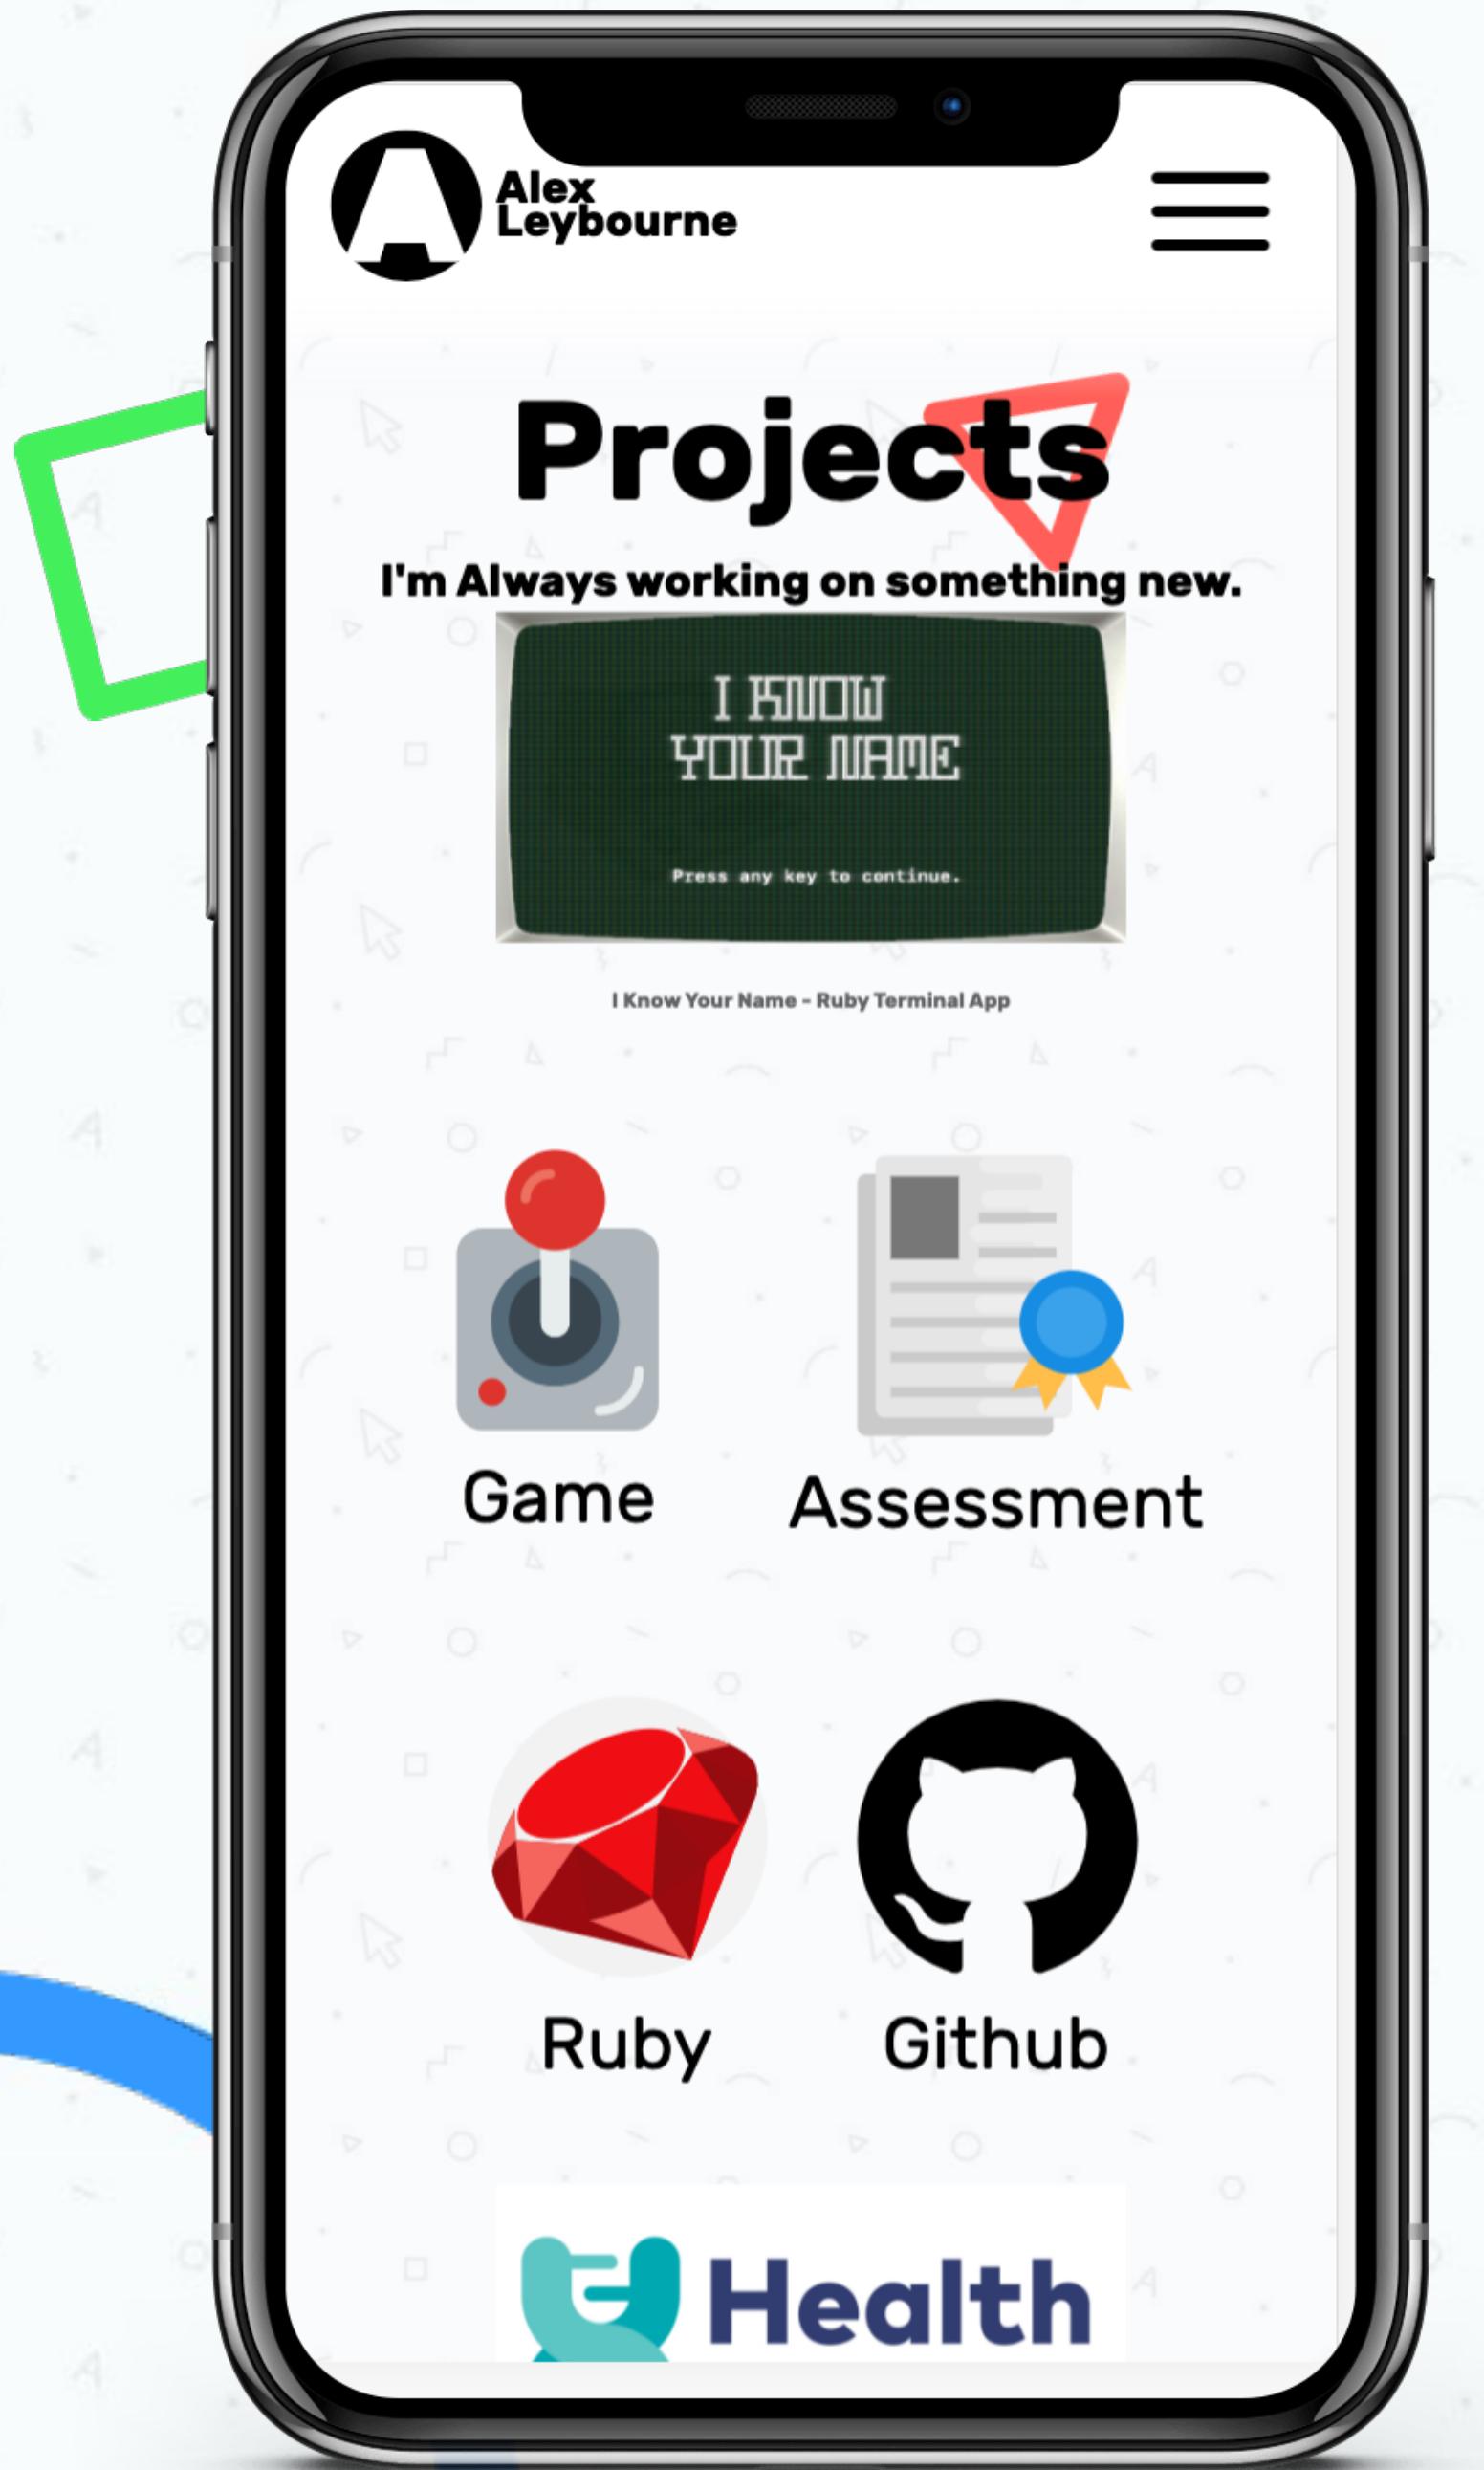

I love all things Tech! And understanding how everything works.since an early age I have always been pulling things apart to see how everything works.

Skills Page

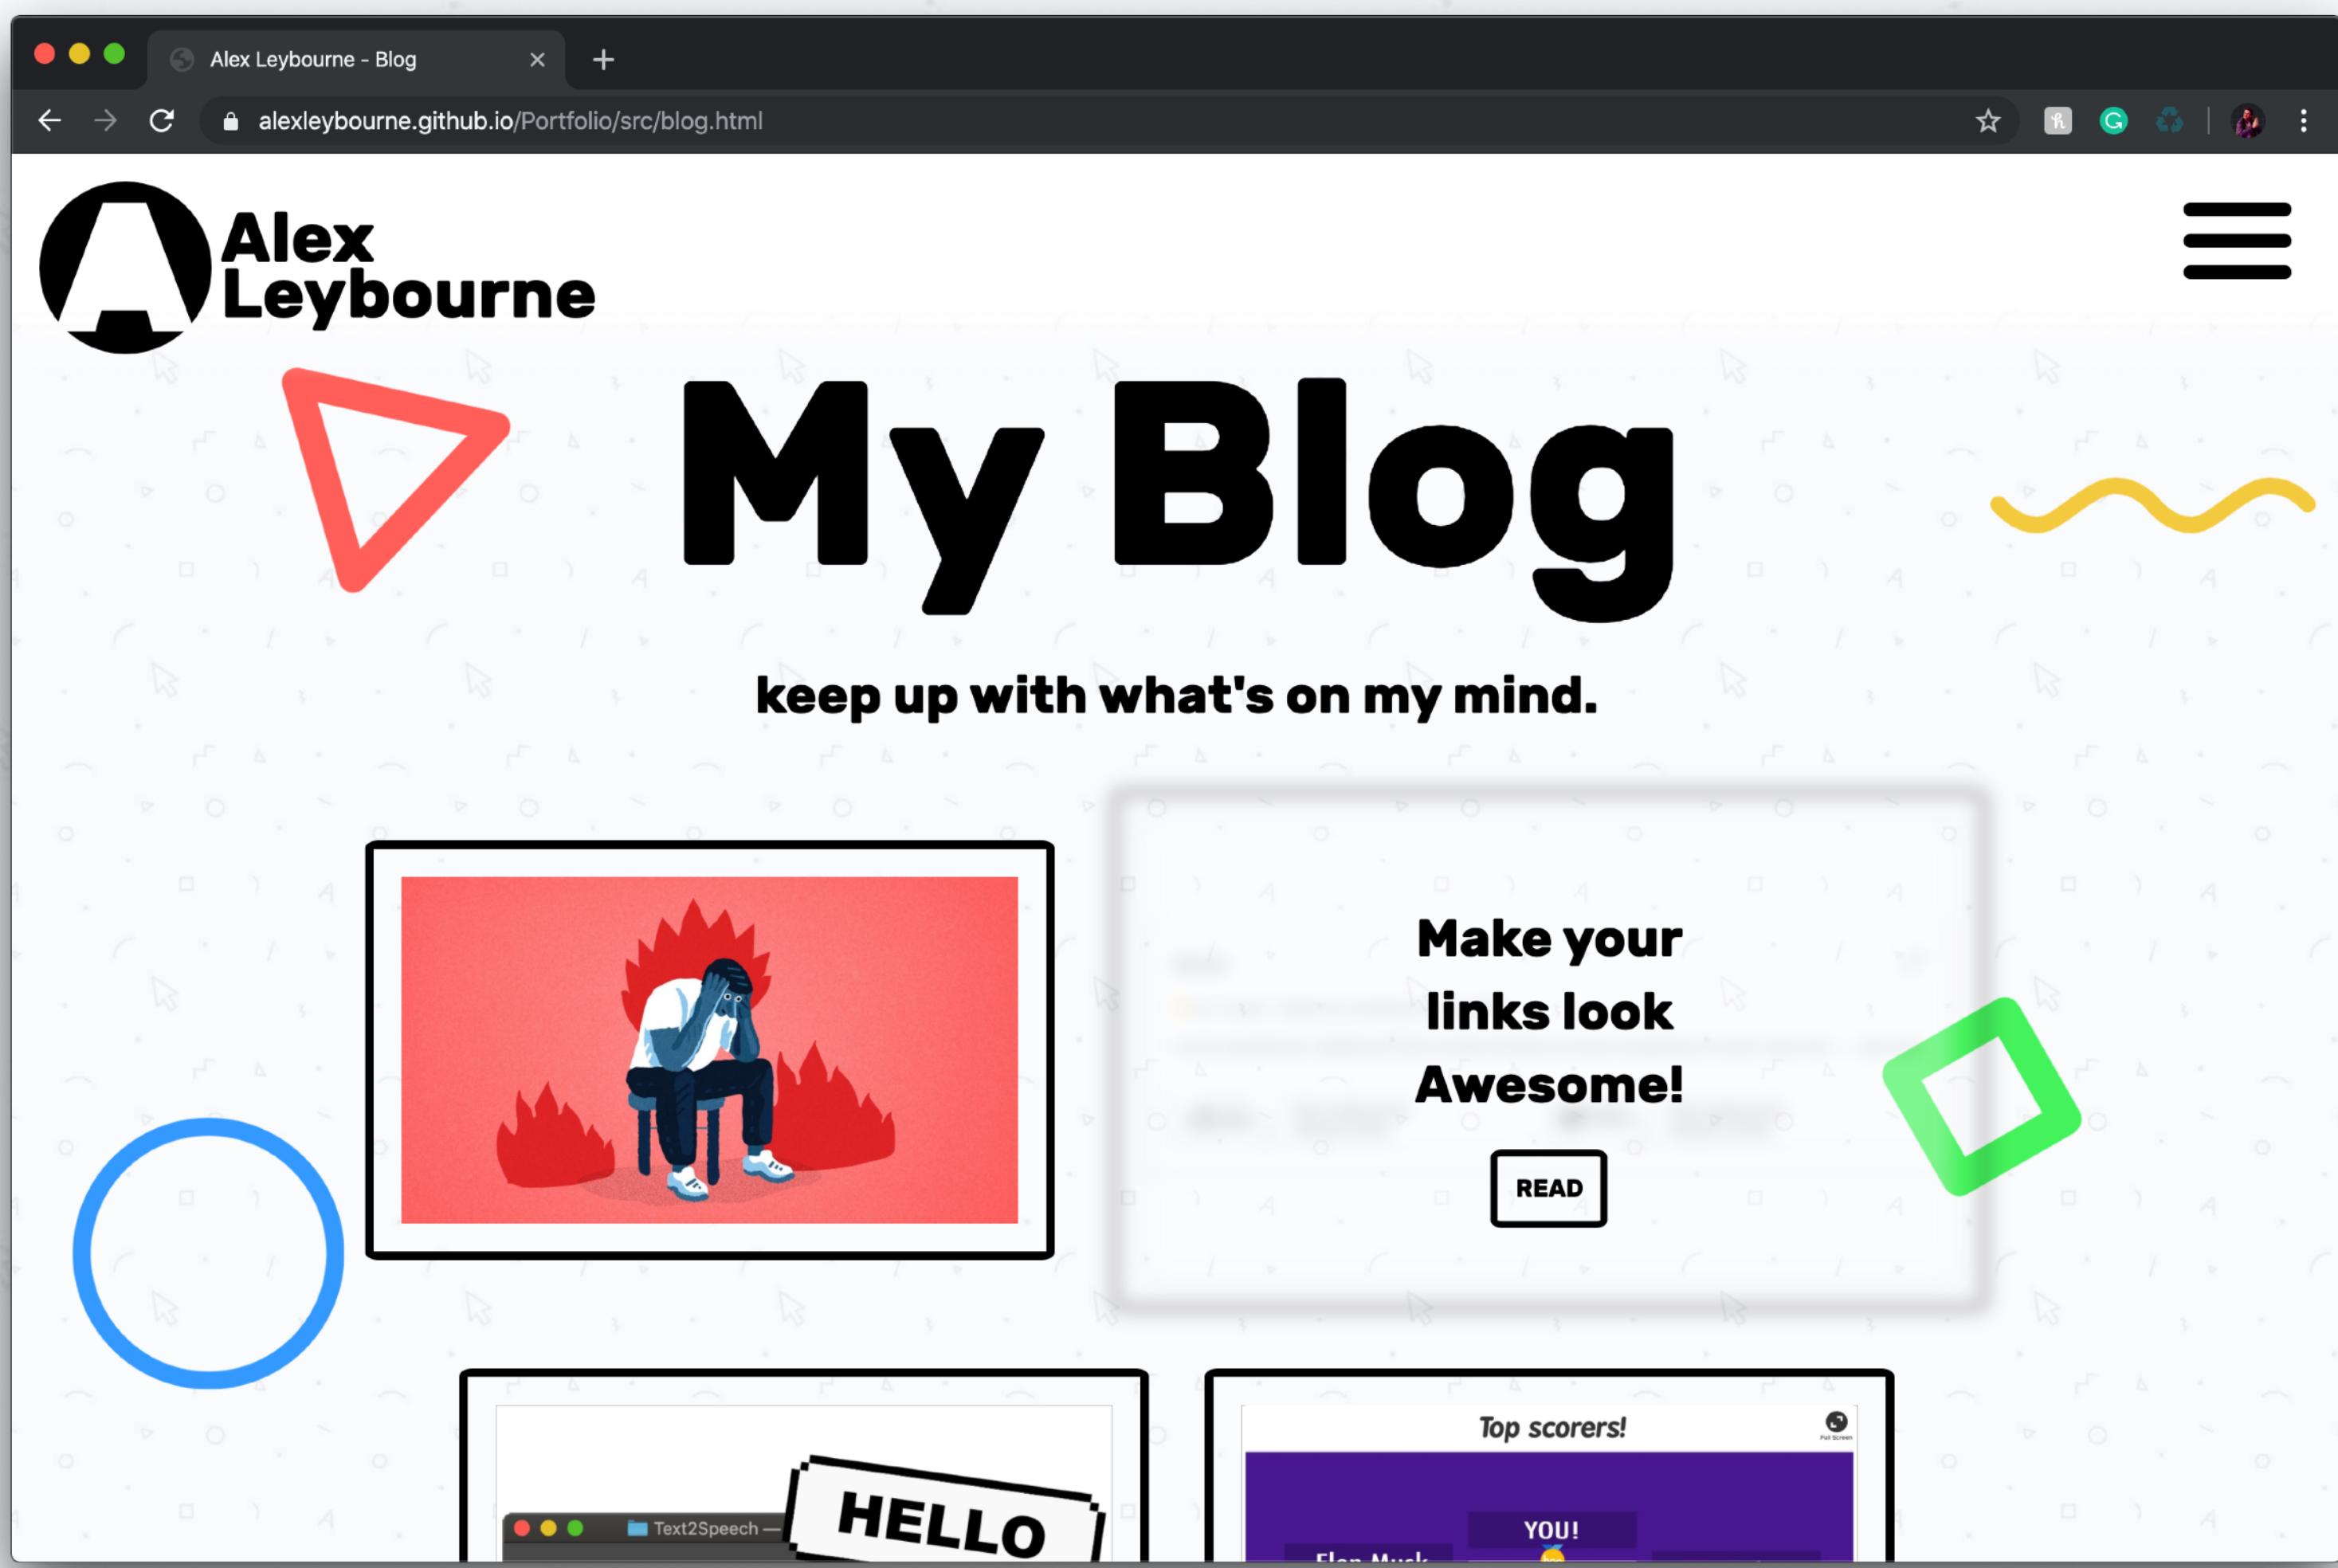

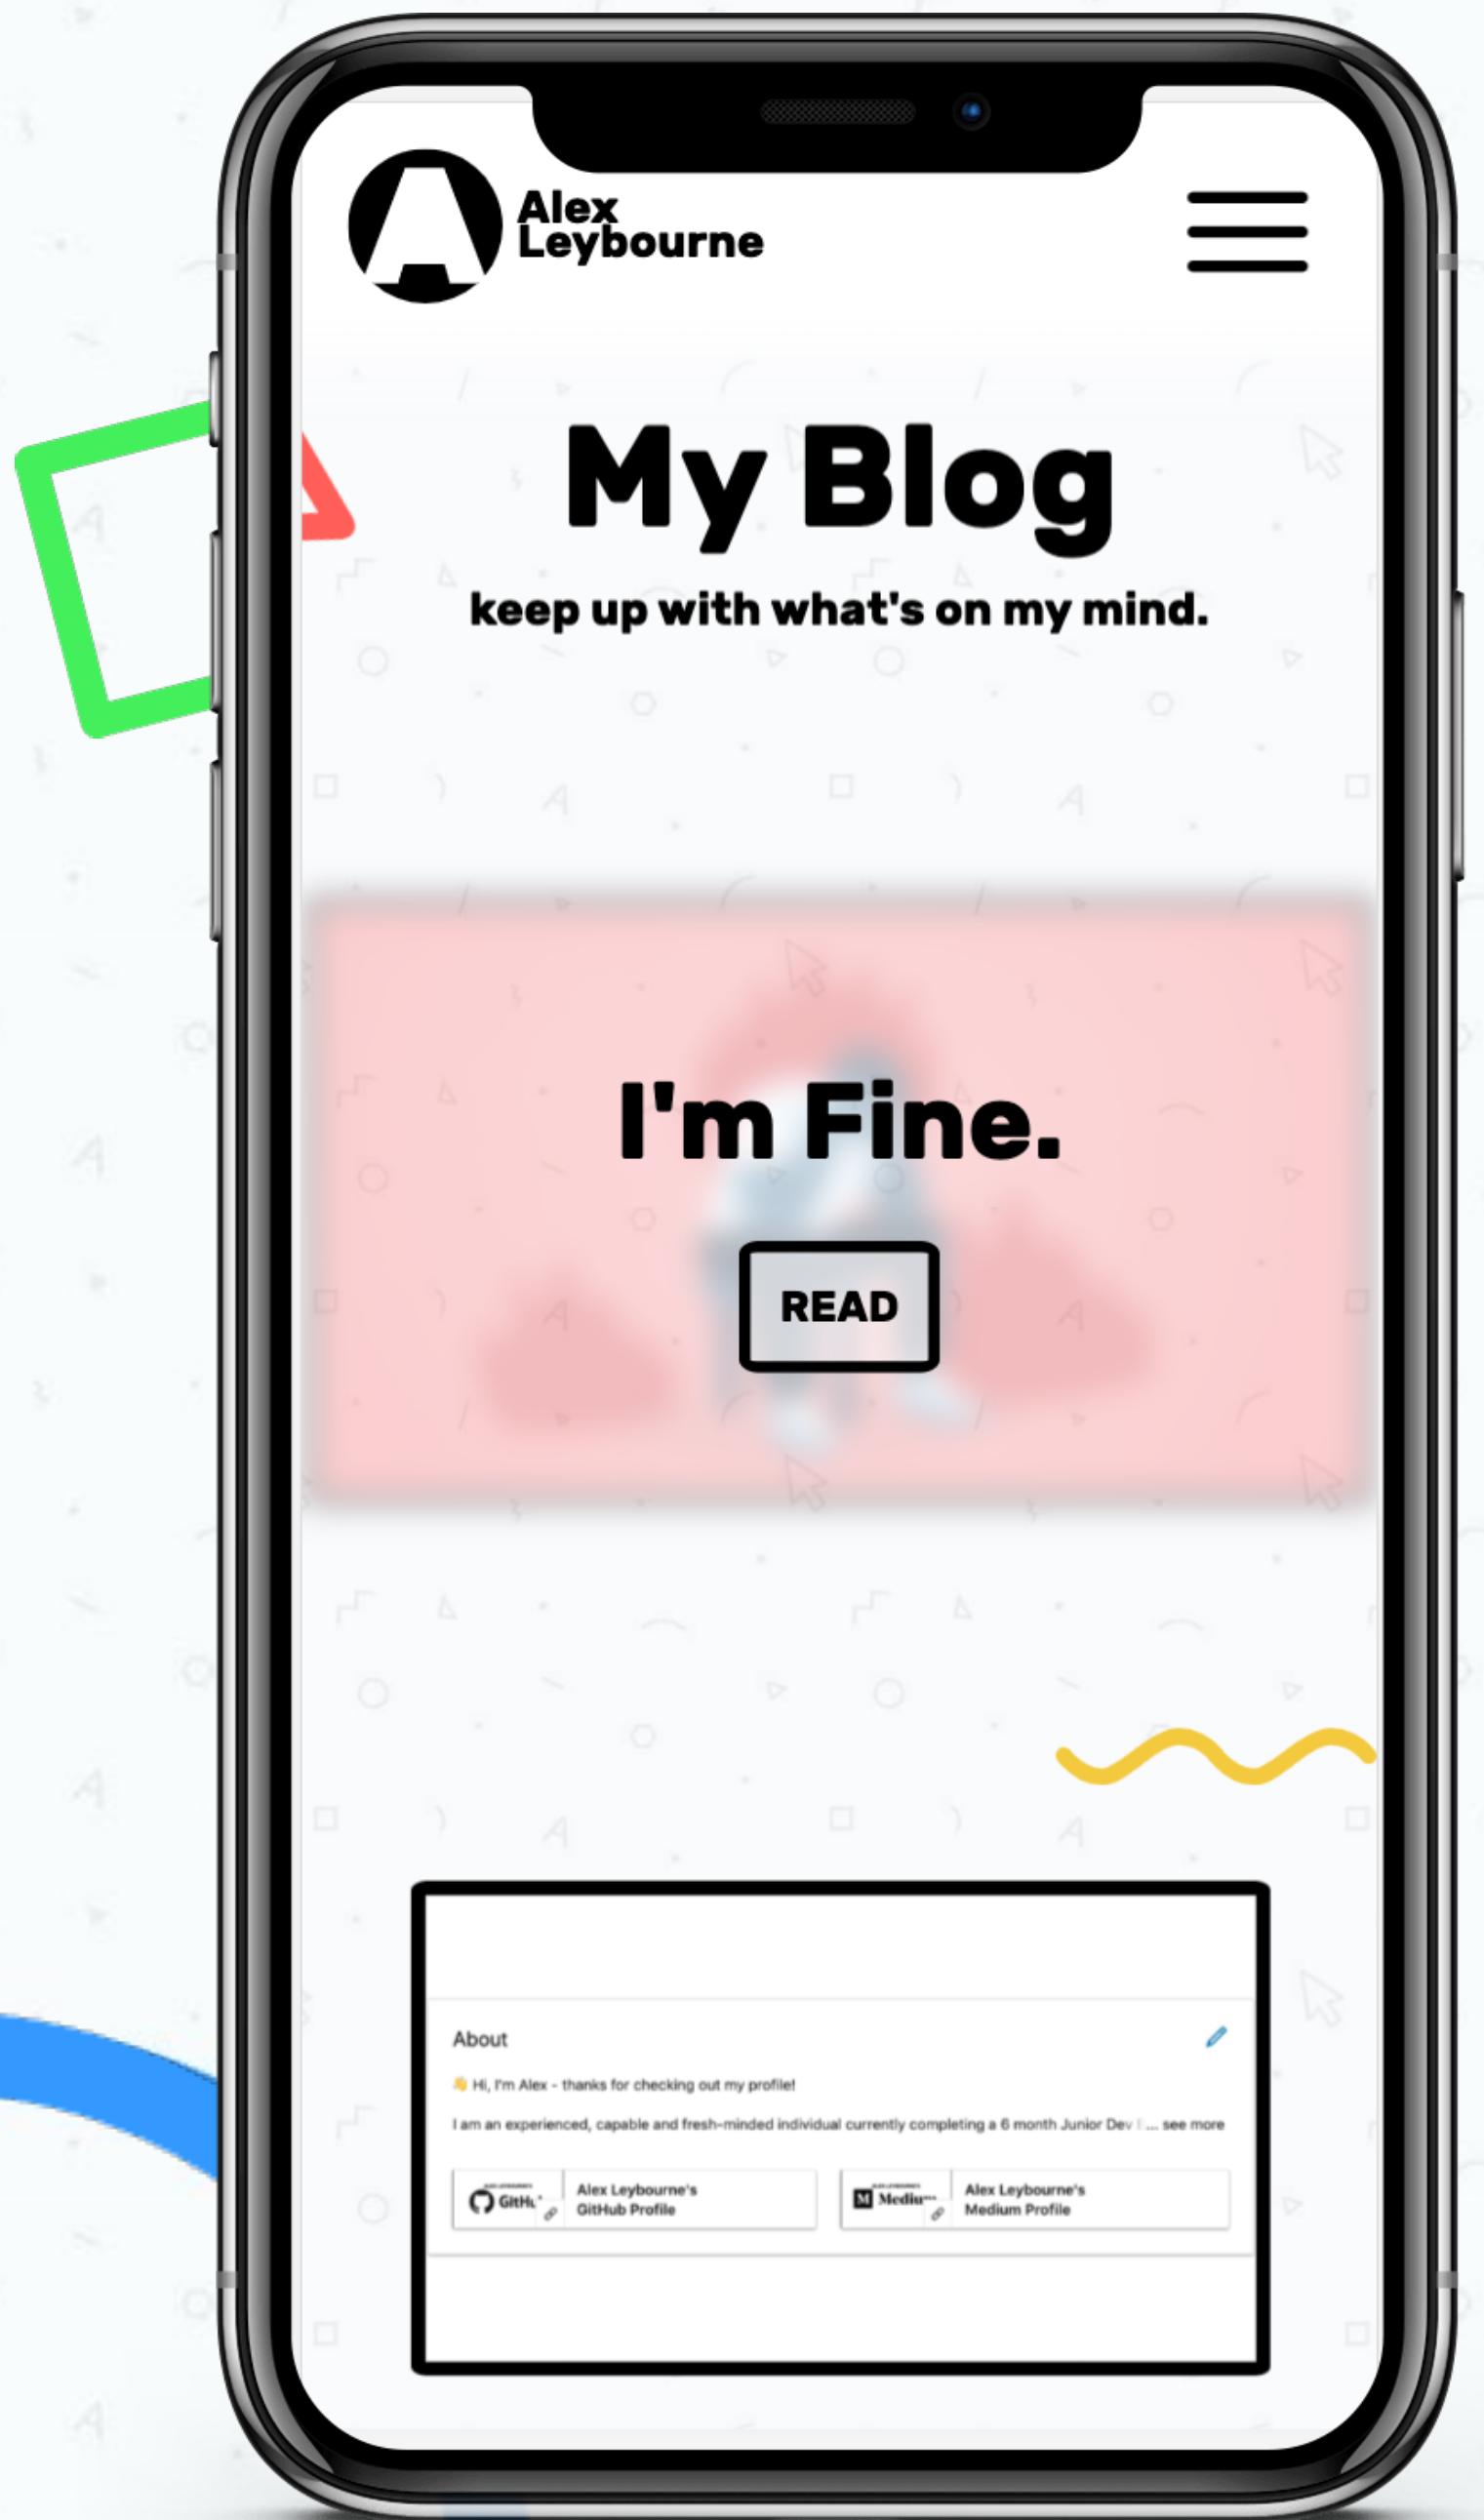

A desktop browser window showing the same 'My Skills' page. The header includes the 'Alex Leybourne' logo and a three-line menu icon. The main title 'My Skills' is prominently displayed in large, bold, black letters. Below it is the tagline 'I'm always learning more everyday.' in bold black text. A 'Coding:' section lists the same five skills as the mobile version, each with its respective icon: HTML, CSS, Ruby, Javascript, and Git. The browser window has a standard OS X-style interface with a title bar, tabs, and a status bar at the bottom.

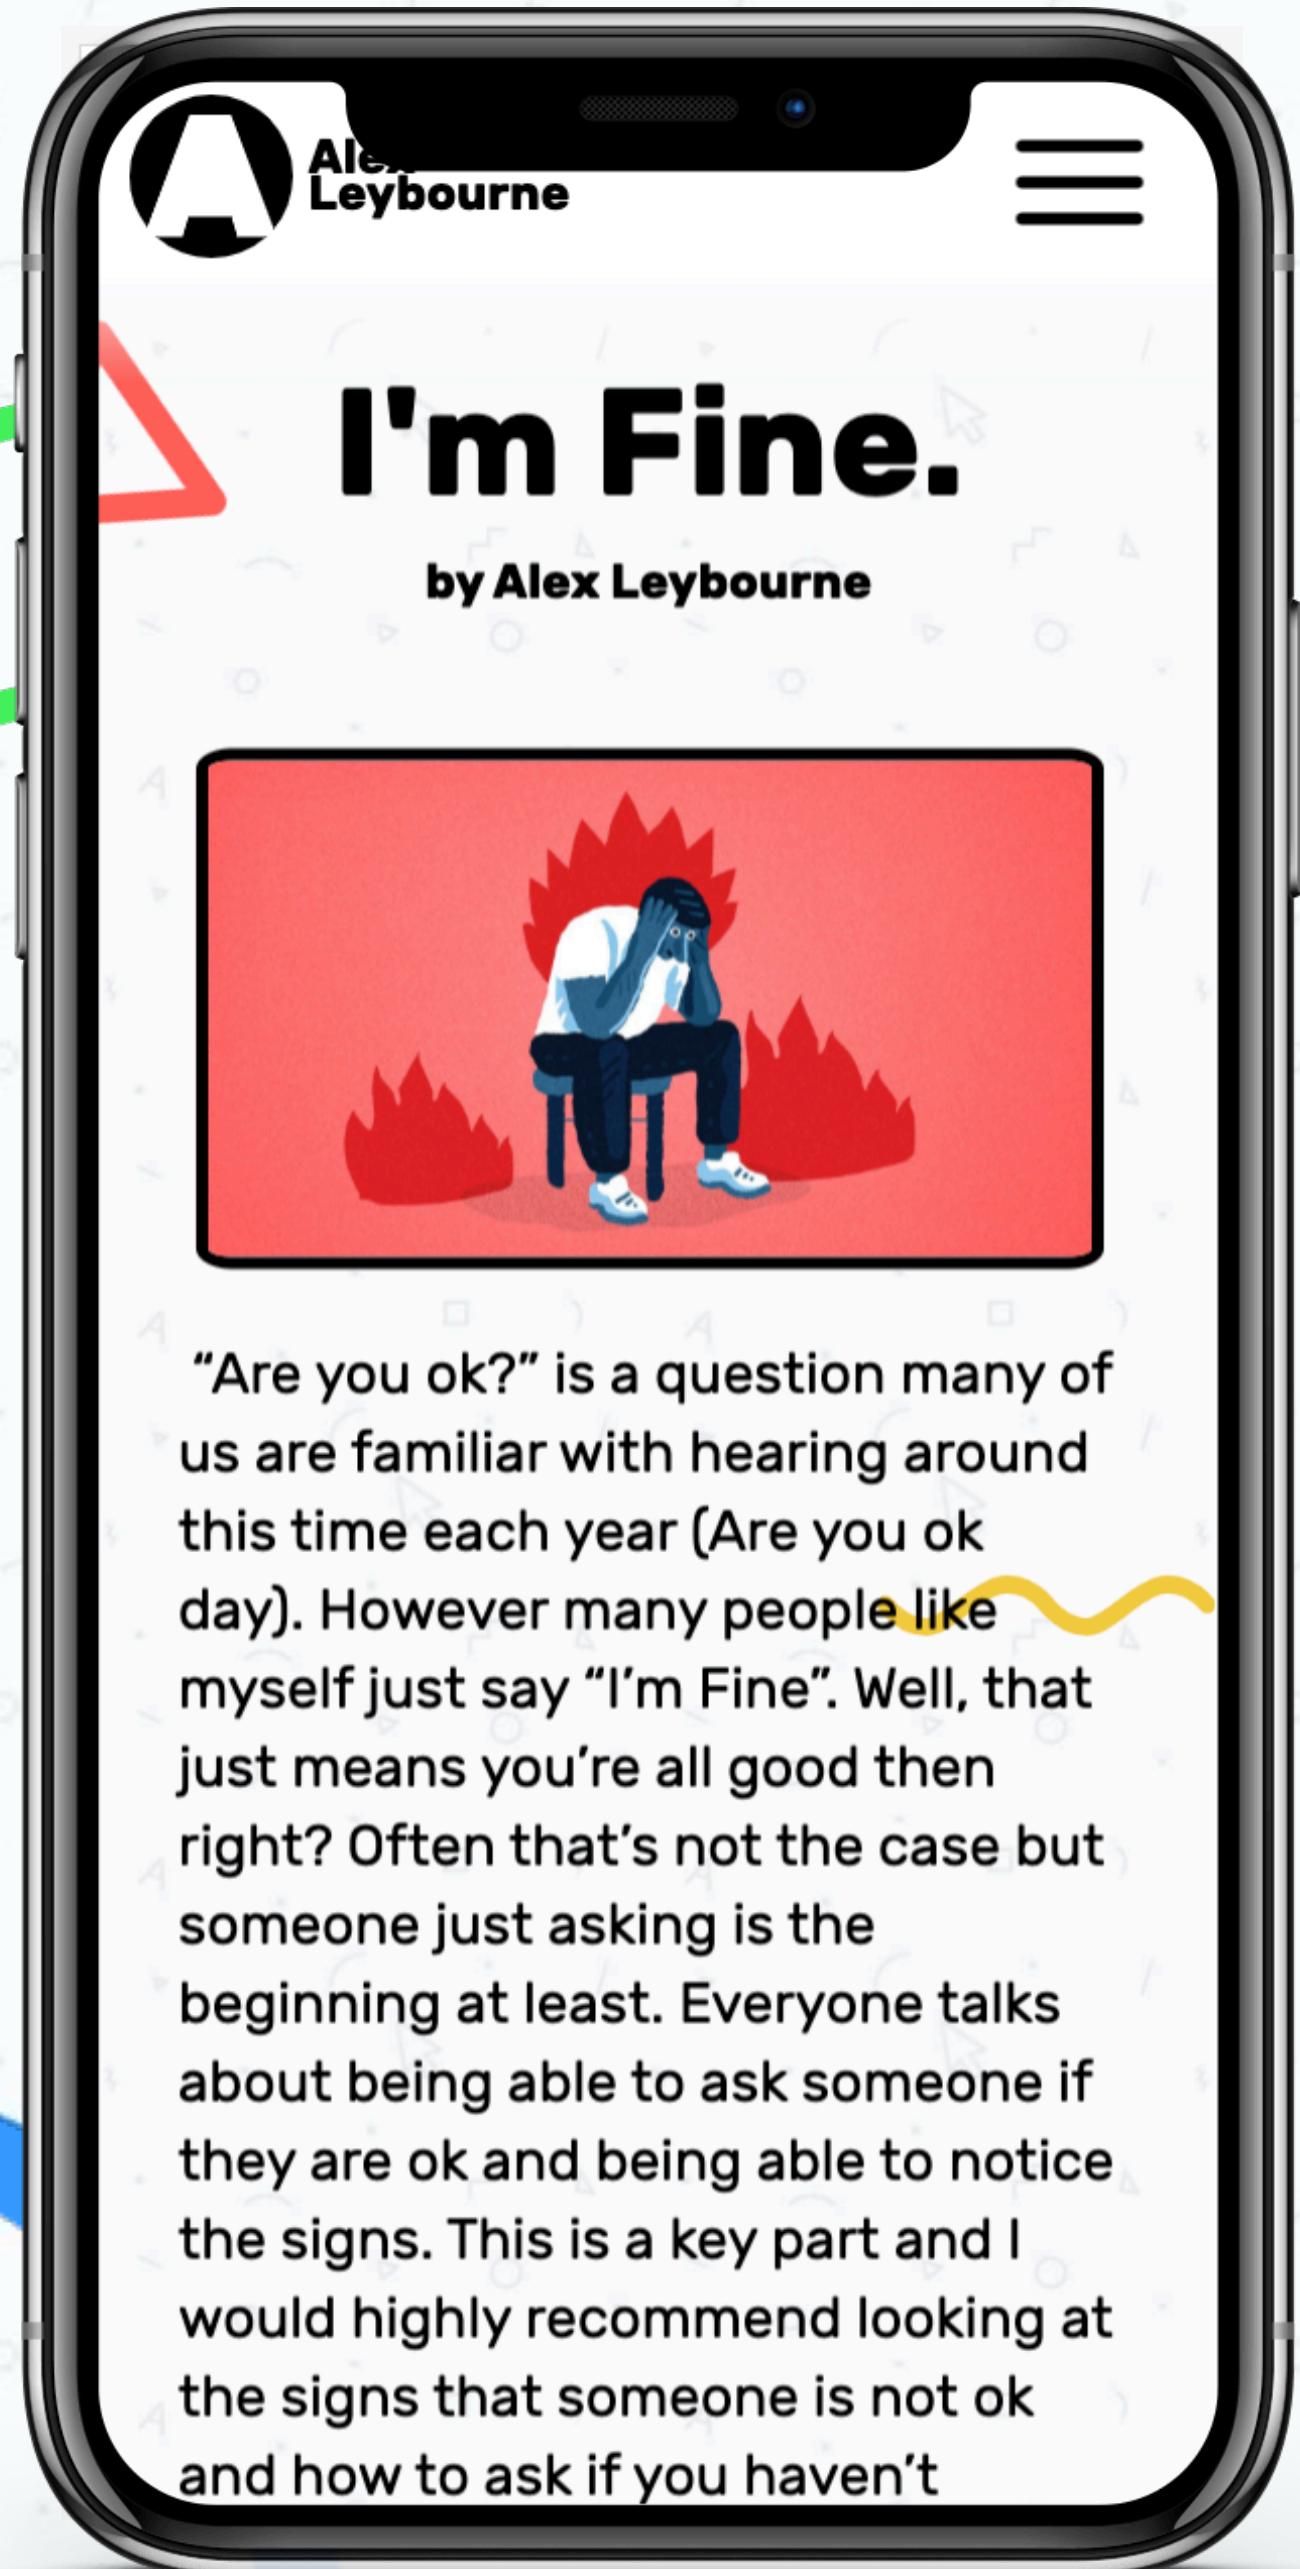

Projects Page

Blog Page

Article Page

A desktop browser window showing the same article. The title 'I'm Fine.' is prominently displayed in large, bold, black letters. To the left of the title is a red play button icon. To the right is a yellow wavy line icon. Below the title is the author's name 'by Alex Leybourne'. On the left side of the page is a blue circular icon. In the center is a red rectangular box containing the same cartoon illustration of a person sitting on the ground with their head in their hands, surrounded by small flames. At the bottom of the page is a block of text. The text reiterates the discussion about the 'Are you ok?' question and the importance of recognizing signs of distress. A green circle highlights the word 'ok' in the text.

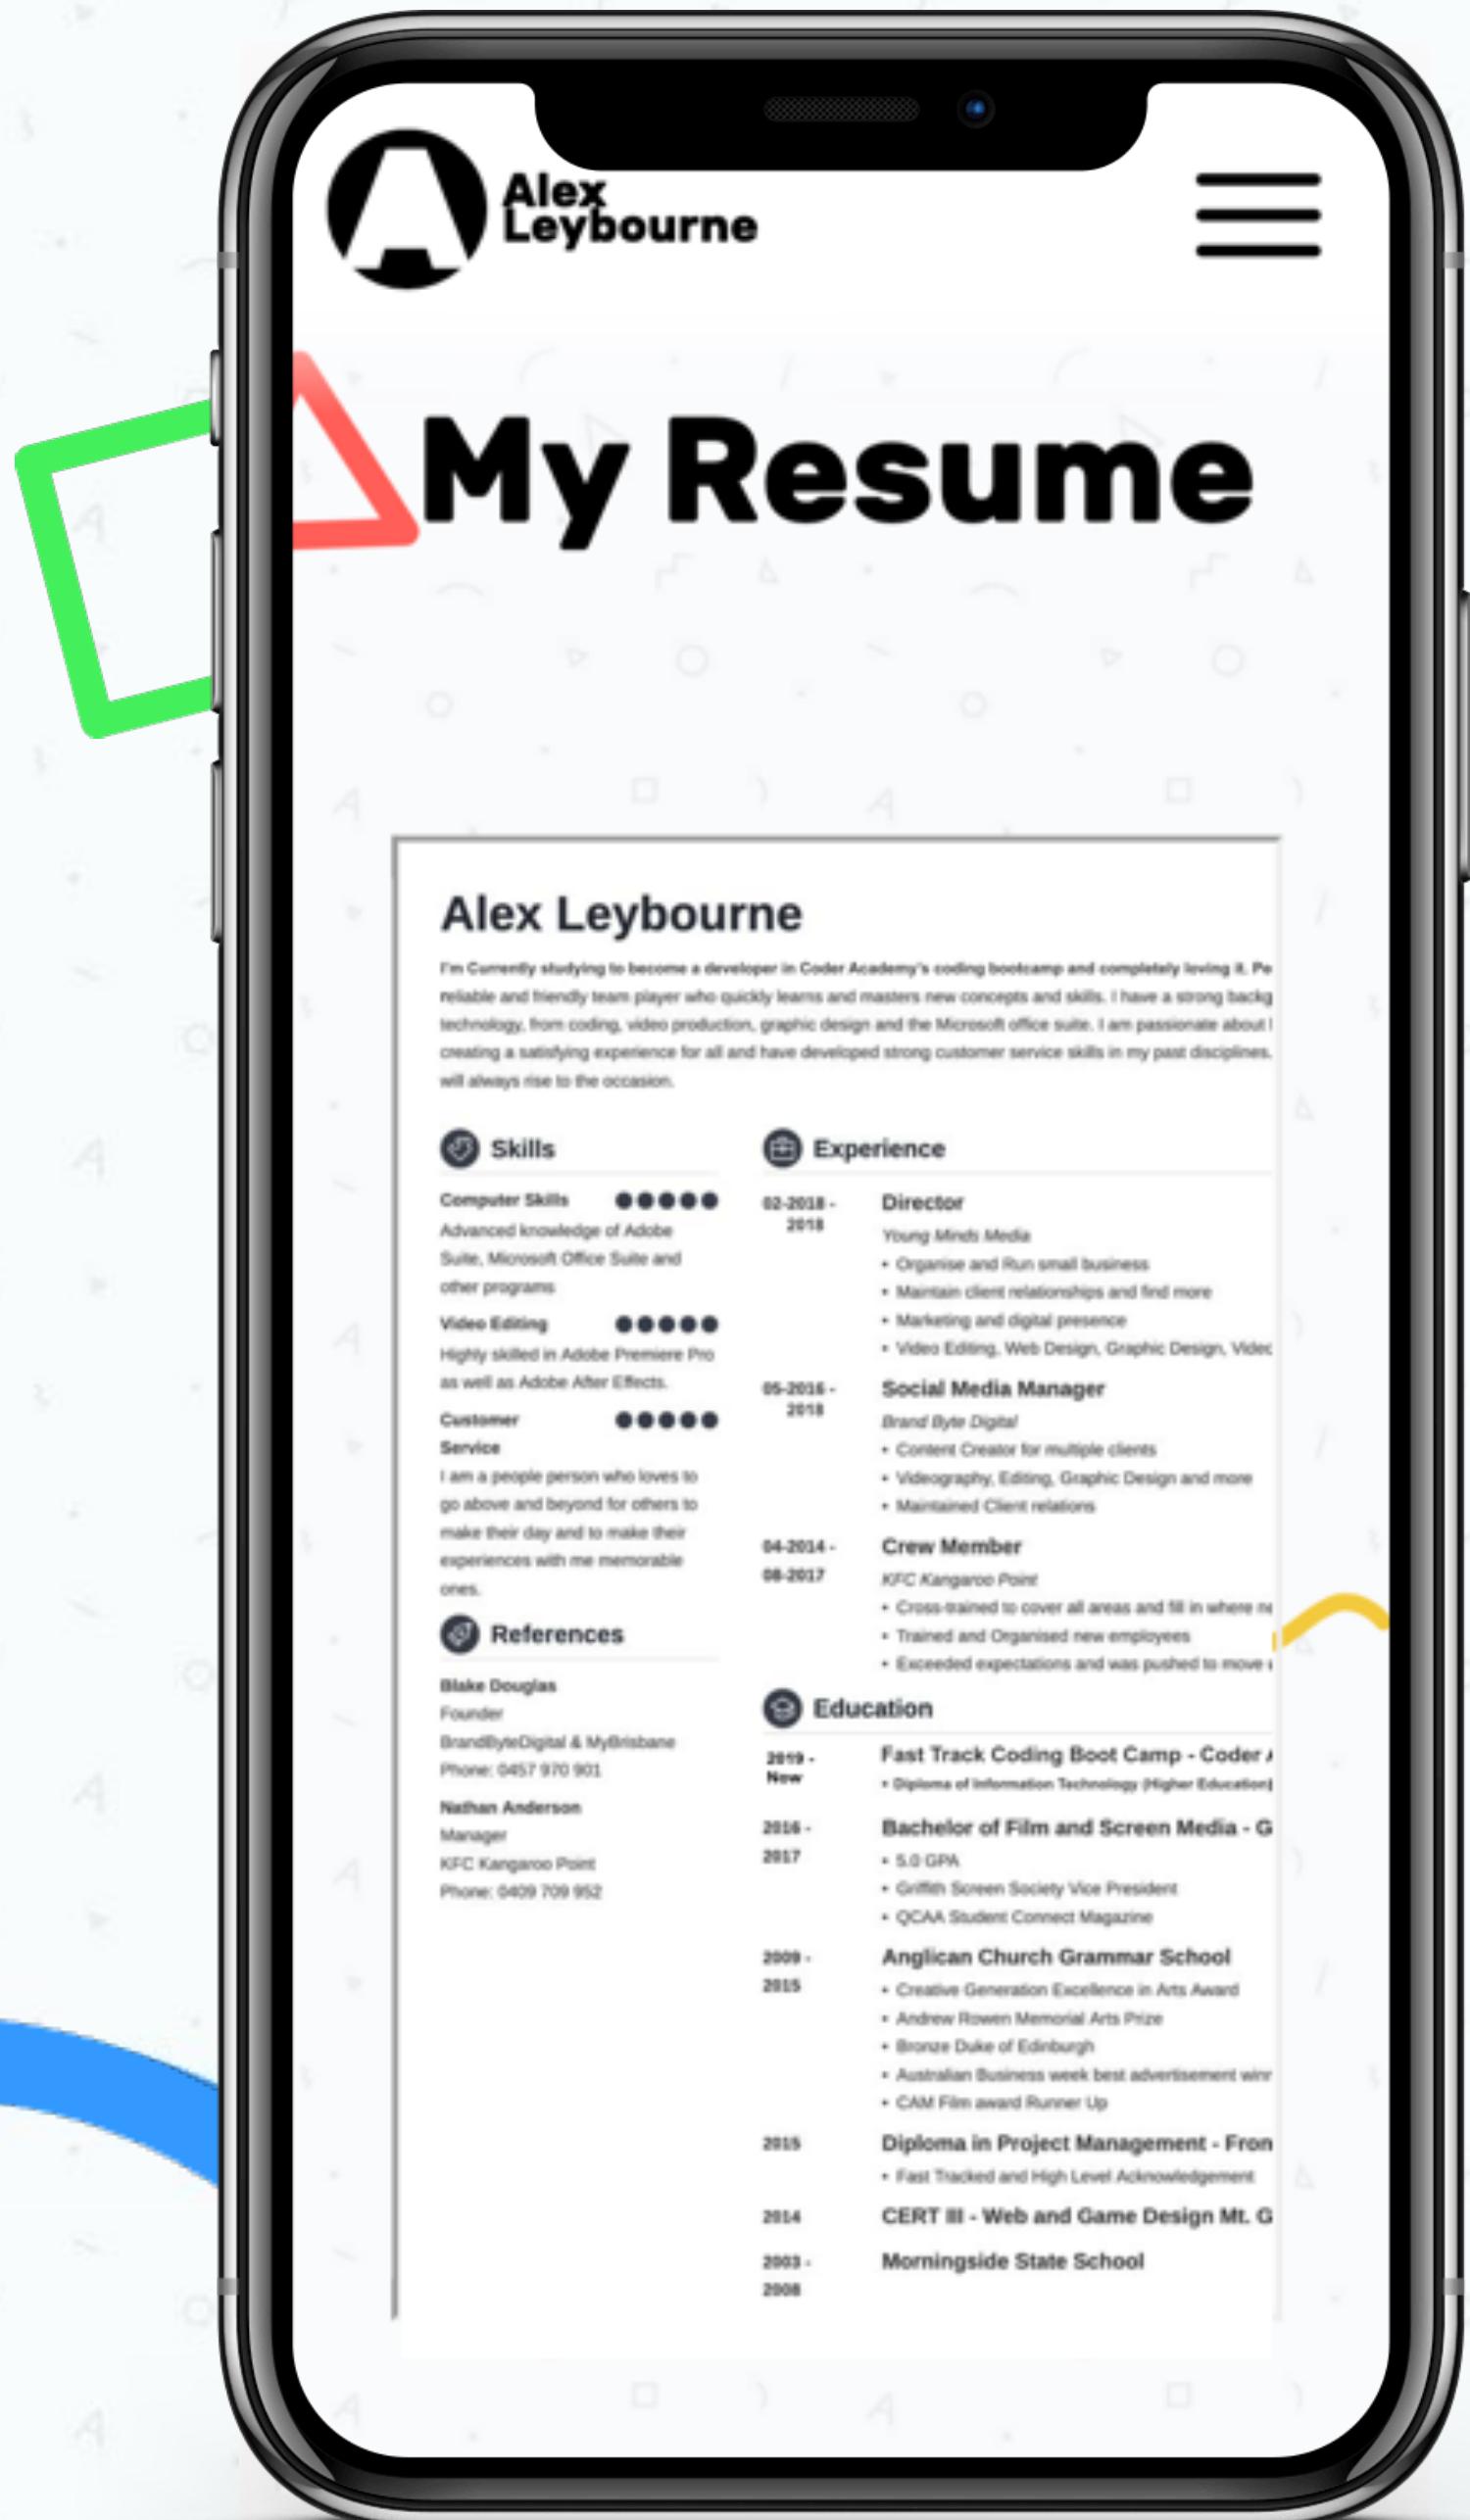

Alex Leybourne

I'm Fine.

by Alex Leybourne

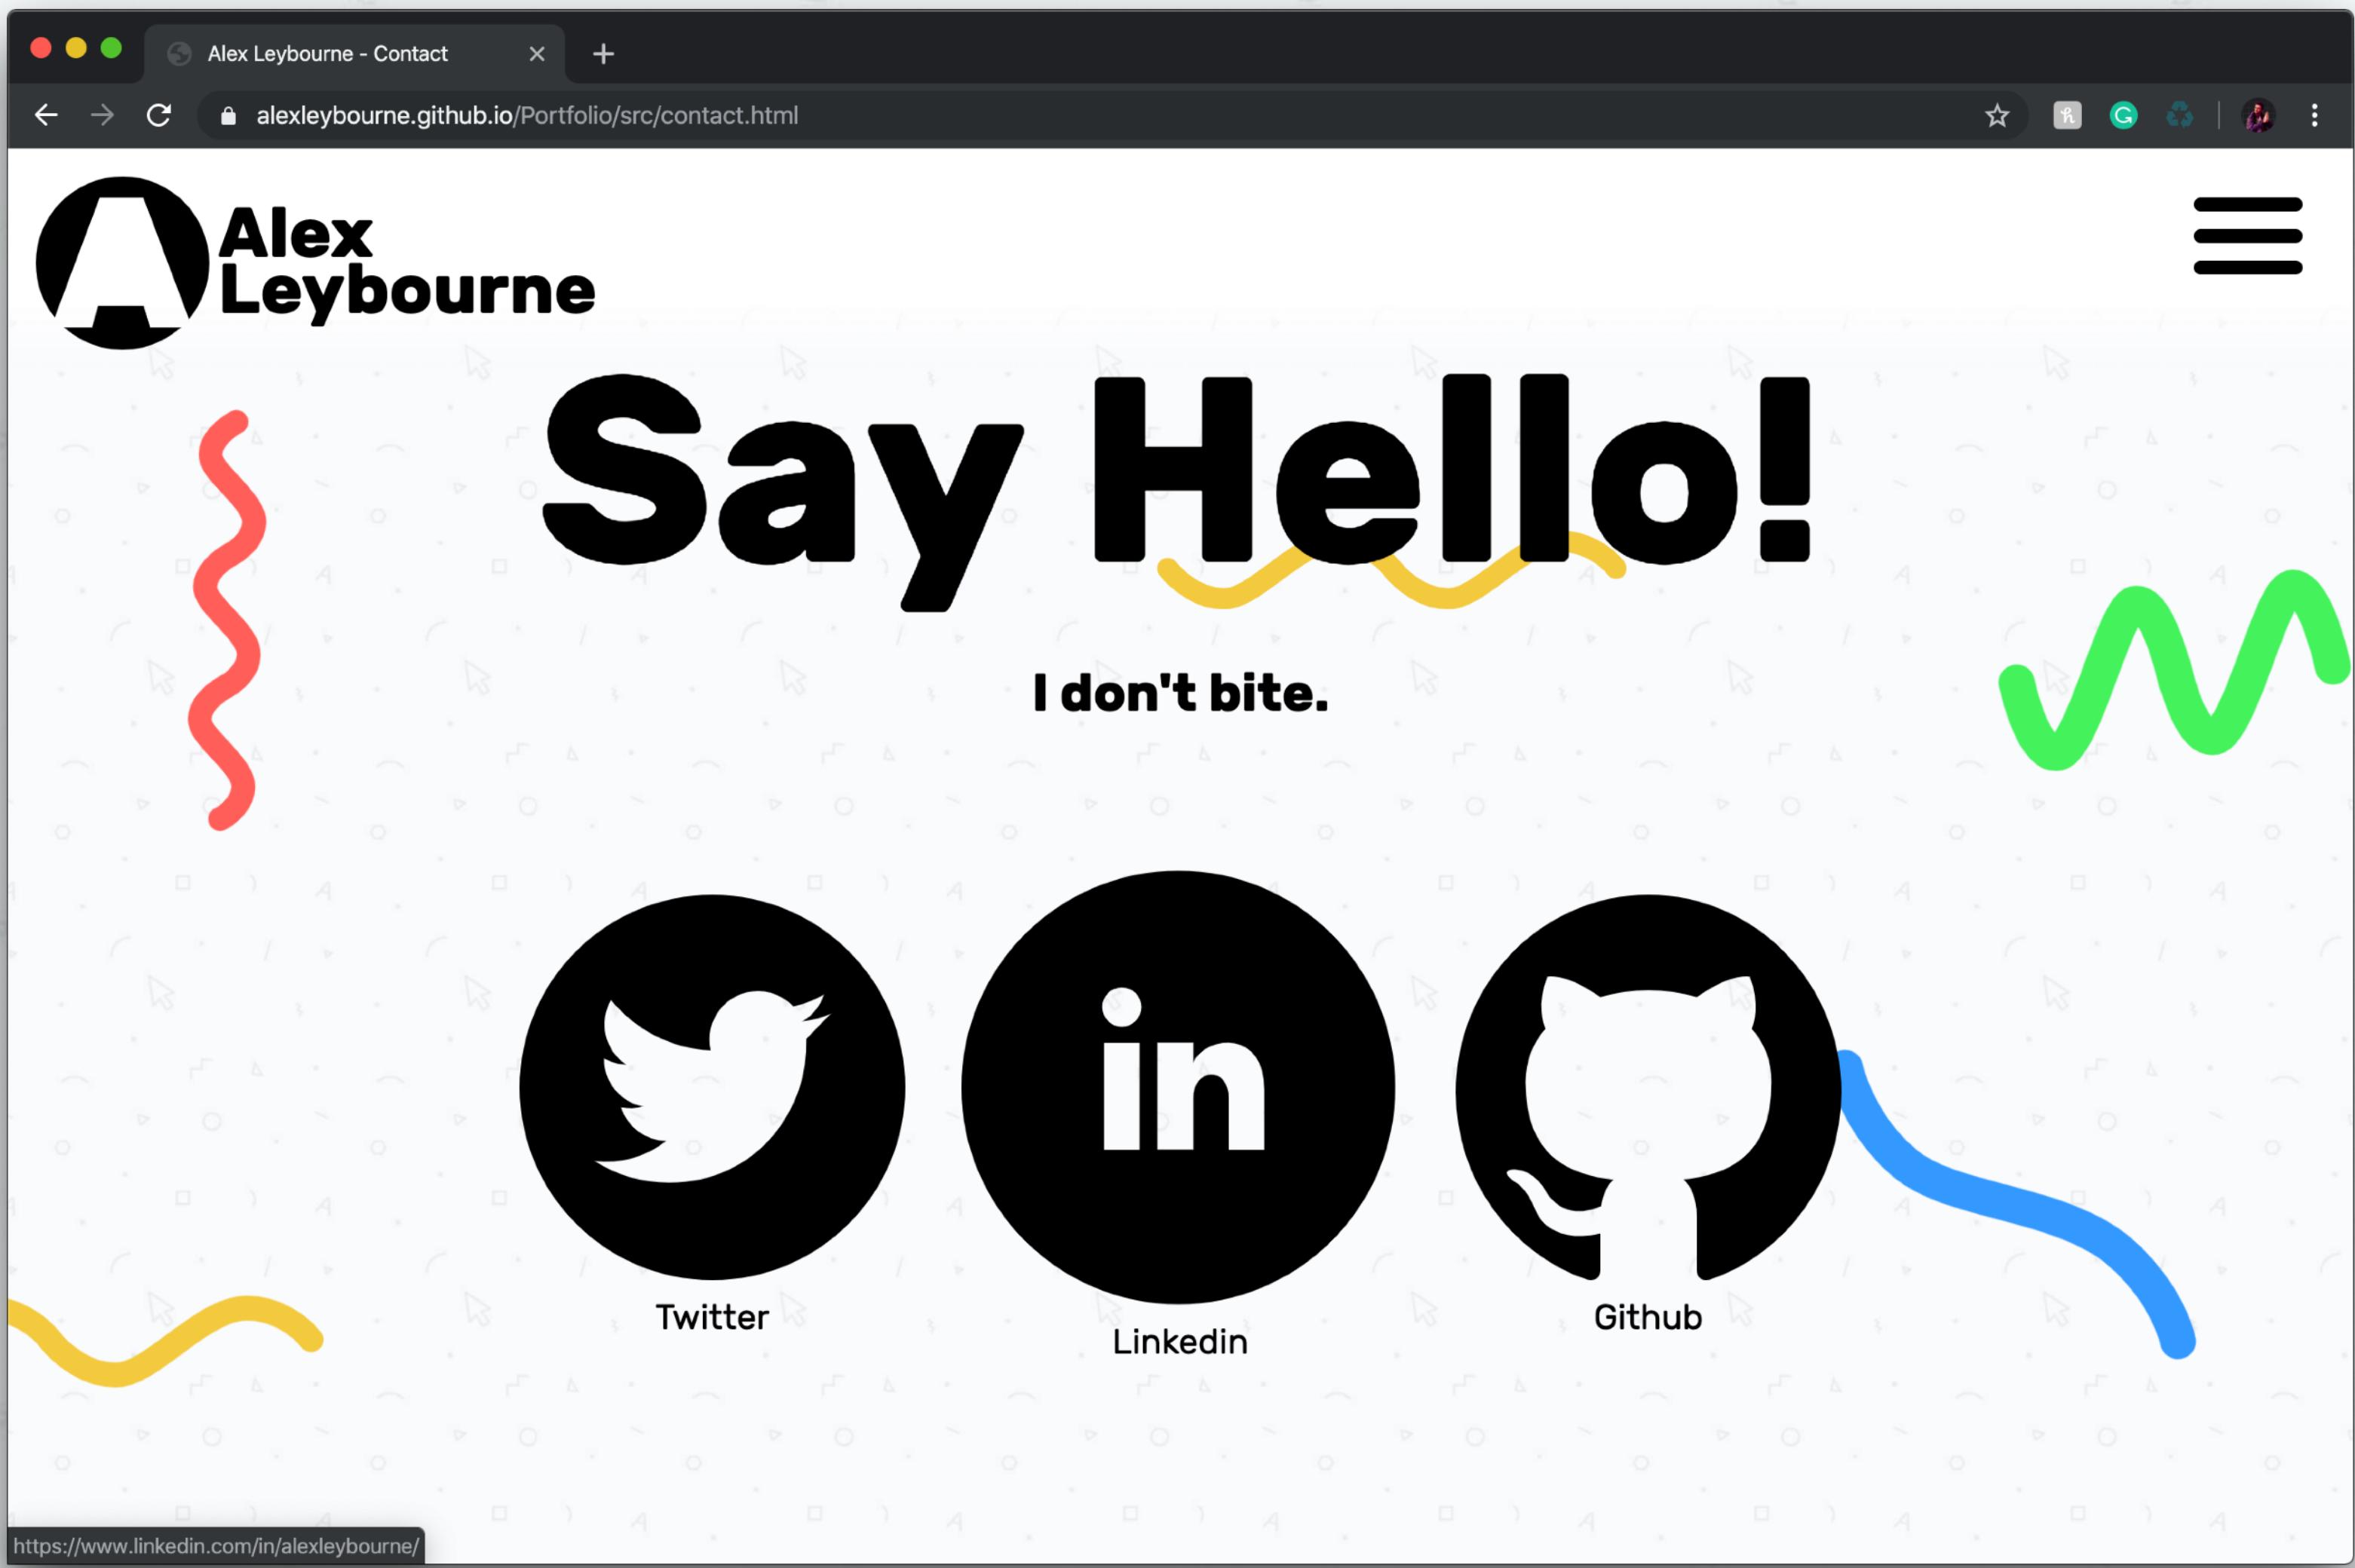

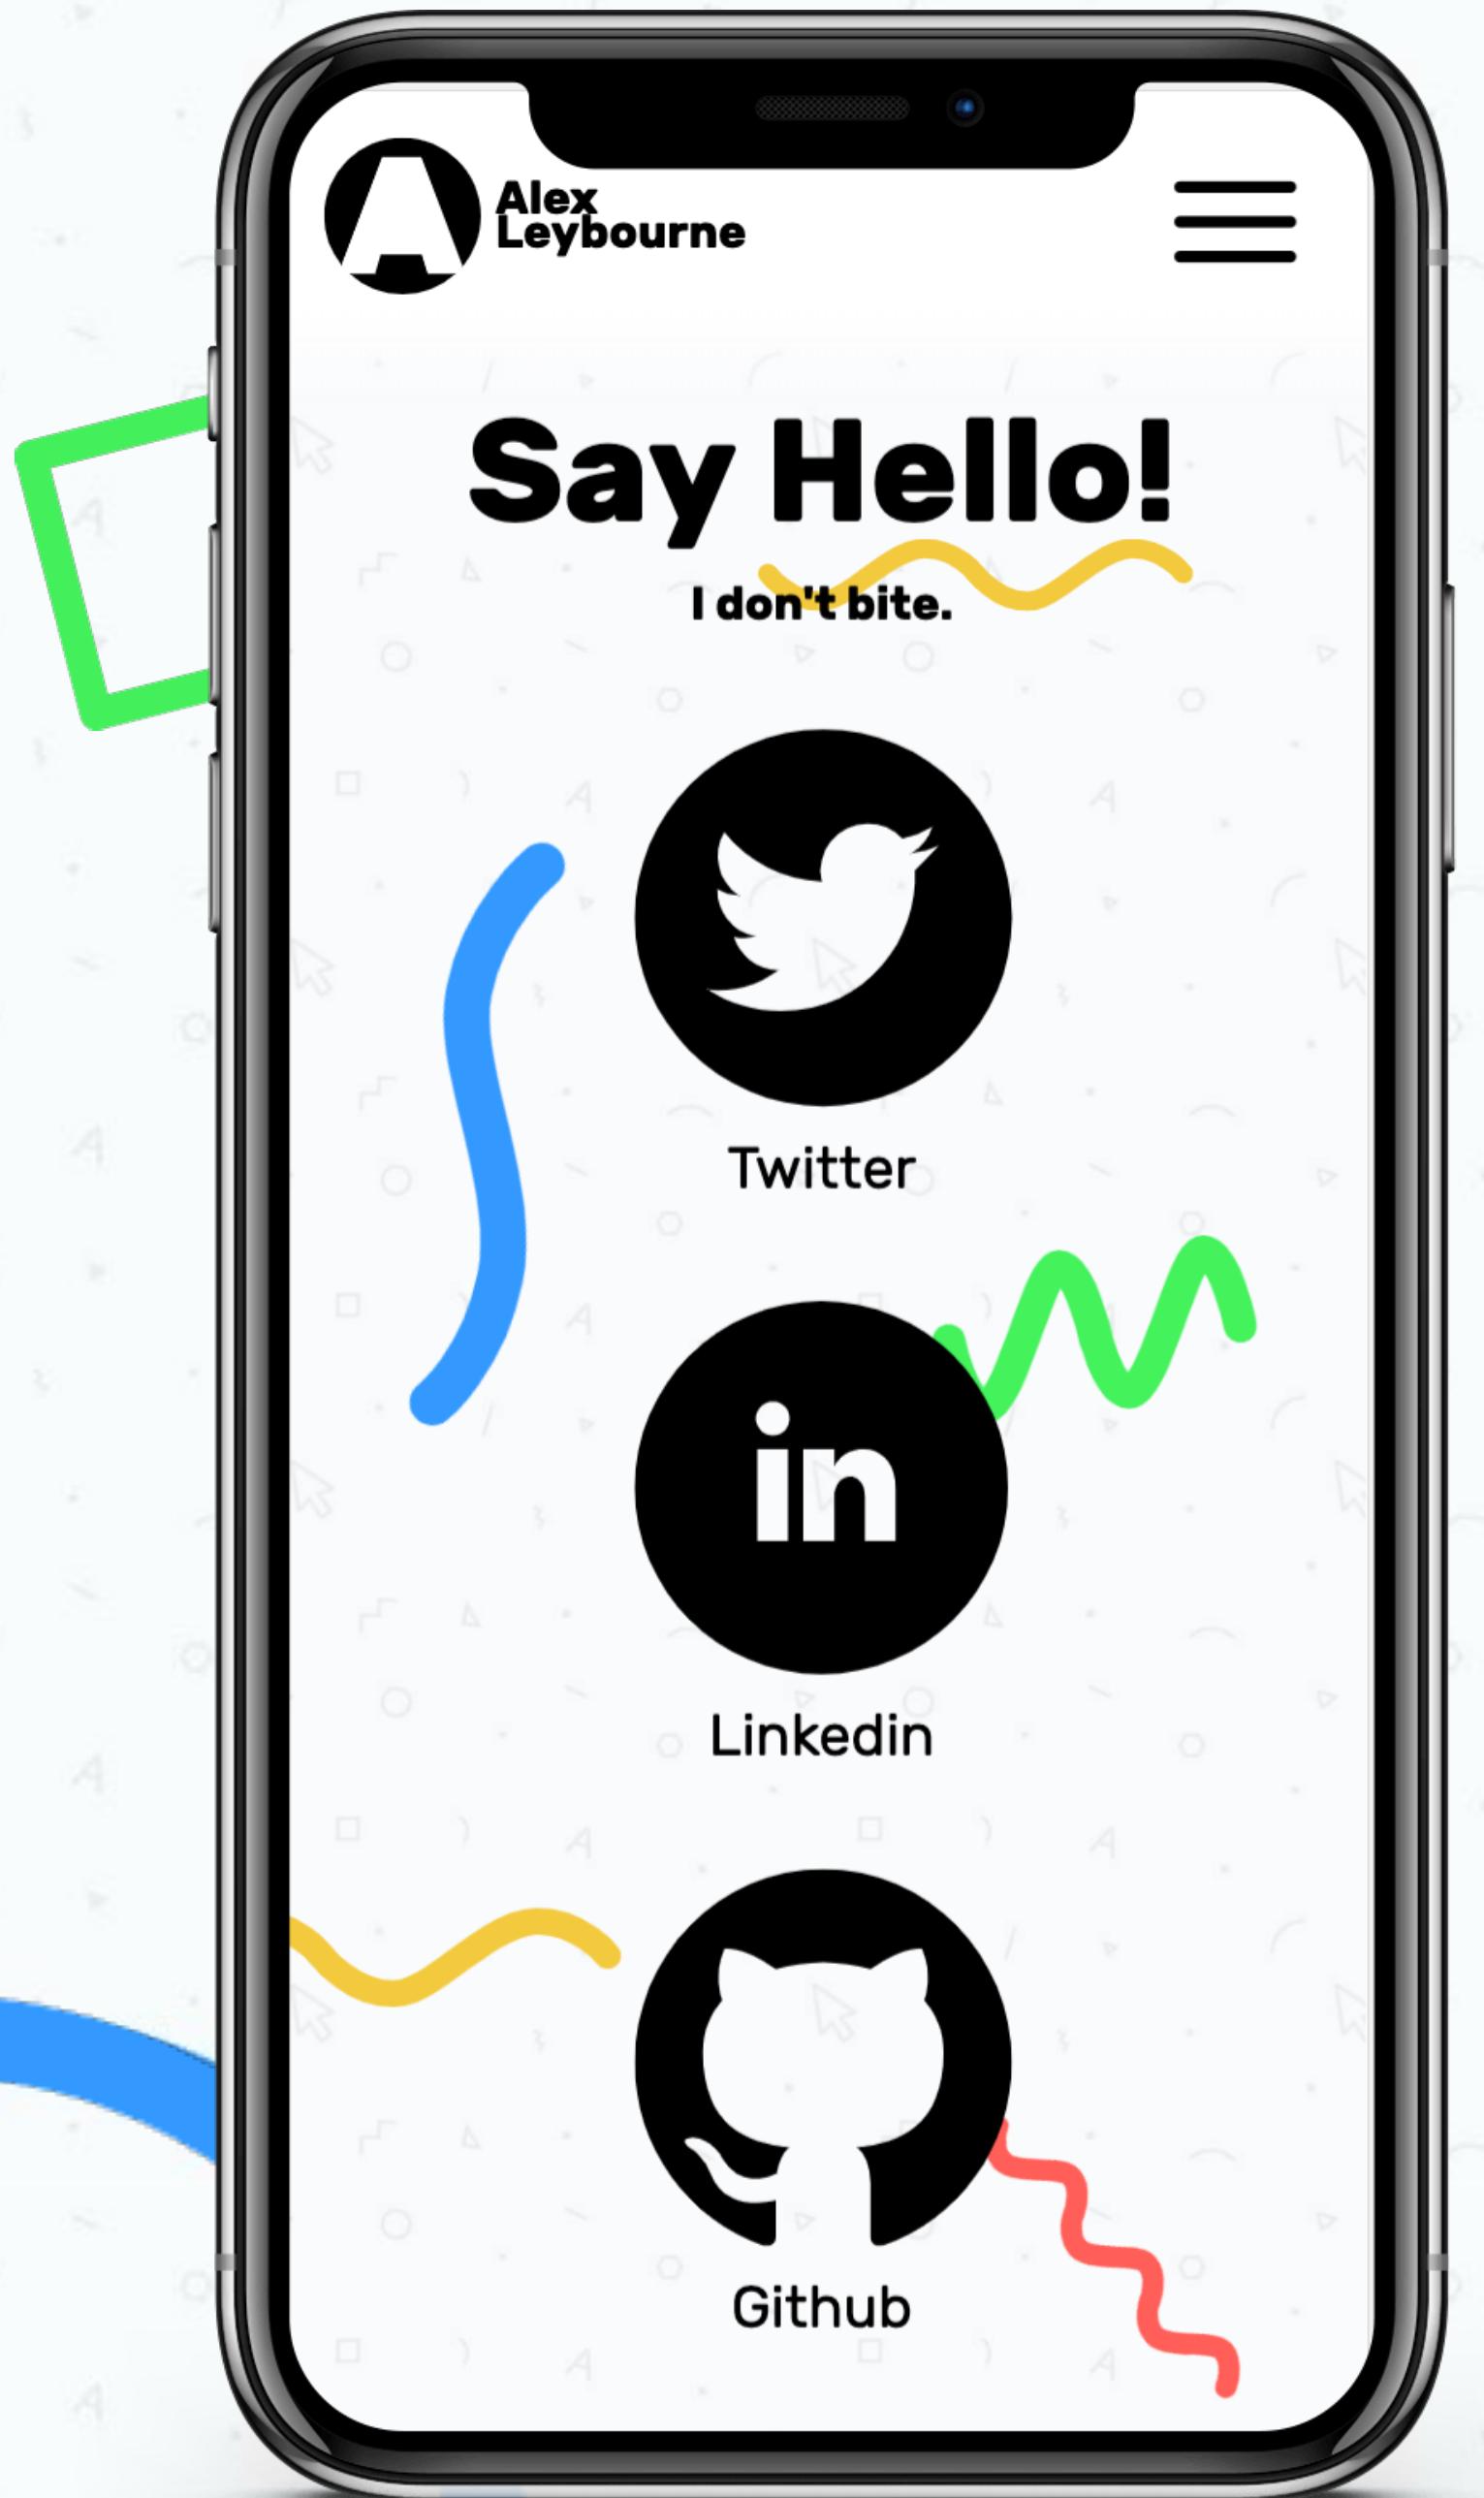

"Are you ok?" is a question many of us are familiar with hearing around this time each year (Are you ok day). However many people like myself just say "I'm Fine". Well, that just means you're all good then right? Often that's not the case but someone just asking is the beginning at least. Everyone talks about being able to ask someone if they are ok and being able to notice the signs. This is a key part and I would highly recommend looking at the signs that someone is not ok and how to ask if you haven't already. (Link) Being able to open up and understand that it is ok not to be ok is a tough thing to do. Be real with yourself just for a minute and think are you ok? It's one thing to brush off others and saying you're ok and that you're fine. But it's much harder to lie to yourself. A great list of questions to

Resume Page

The image shows two views of the same resume. On the left is a desktop browser window titled "Alex Leybourne - Resume" with the URL "alexleybourne.github.io/Portfolio/src/resume.html". On the right is a Microsoft Word document titled "Microsoft Word - Document1". Both versions show the same resume content, including the "My Resume" title, bio, skills (with a blue circle highlighting the "Skills" section), experience, customer service, references, and education. The Microsoft Word version includes a sidebar with "Skills" and "Experience" buttons and a vertical toolbar on the right.

What I would do Differently

- Work on base design first
- Finish early to get feedback and prepare have time for fails
- Run constant audits
- Fully plan sitemap
- Not underestimate project
- Allow more time for upload

Favourite Parts

- Testing UX
- Pointless animations
- Learning accessibility
- Designing Pages
- Creating something to easily share
- Figuring out elements

Thanks !
